

Looking to the Future of Las Vegas

A TRC Transportation Forum Series

UNLV Transportation Research Center (TRC)
Howard R. Hughes College of Engineering
In Association with the
Ward 5 Chamber of Commerce
Present

AVT SolaTrek

Frank Randak

ASBE

Lou Baker

Tubular Rail

Robert Pulliam

Join us for an informative presentation and community discussion on building and operating high speed trains between Las Vegas, Nevada and Southern California. The three different presenting groups are American entrepreneurs who will be showing outside the box alternatives. It will be an exciting opportunity to hear from these innovators – AVT SolaTrek, ASBE (America's Sunlight Bullet Expressway), and Tubular Rail. This is your opportunity to use this forum to interact with these innovators and to get your questions answered.
